CPC, Plot 72, Industrial Zone, 6th Of October City.

Aquah Group companies was established back in 1992 with it's first being Egyptian Company for Advanced Packaging (E.C.A.P). The company was founded by Salah El-Aquah to contribute to the PET bottles packing industry service.

Over The Years, Aquah Group has established market growth as well as expansion for over thirty years with all the group's companies operating at full capacity for an annual output about One billion pounds.

Aquah Group Companies:

The Egyptian Company for Agricultural Packaging (ECAP):

Established back in 2006 with an annual turnover of 30 million large volume PET bottles catered to the mineral water packaging in addition to 500 million small volume bottles catered also towards mineral water packaging as well as edible oil.

The Egyptian Company for Fibers & Plastics (ECFP):

Established back in 2006 with an annual turnover of 10,000 metric tons of PET resin converted to preforms serving dairy products, detergent packaging, edible oils, mineral water & soft drinks industries in both local & regional markets.

Poly-Pet for Packaging:

Established in the year 2000 with an annual turnover of 3,500 metric tons of PET resin converted to more than 80 million preforms & bottles catered to all beverage, detergent, food & medical industries.

Poly-Tech for Plastics & Chemicals:

Established back in 2006 with an annual turnover of 50,000 metric tons of PET resin converted to large PET preform bottles & jars catered to both mineral water & food industries.

Pallets

Technical Parameters	
Product Name	Perforated Pallet with 4 Steel Pipes
Order Code	LK1210D4
Dimensions	1,200 x 1,000 x 70mm
Weight	10kg (Plastic) 2.4kg (Metal Tubes)
Material	HDPE Galvanized Steel
Temperature	From - 25°C to 50°C
Color	Black
Load Capacity	Dynamic 1,000kg Static 4,000kg Racking 500kg
Lead Time	
Manufacturing Capacity	440 pcs per day
Delivery Time	EX. Factory within 15 days after PO is Confirmed
Packing Information	
Packing	N/A
Quantity in 20’GP	300pcs
Quantity in 40’GP	600pcs
Quantity in 40’HC	748pcs
Terms & Price Information	
Terms Of Payment	L/C Or T/T
Price Terms	Subject To Discussion

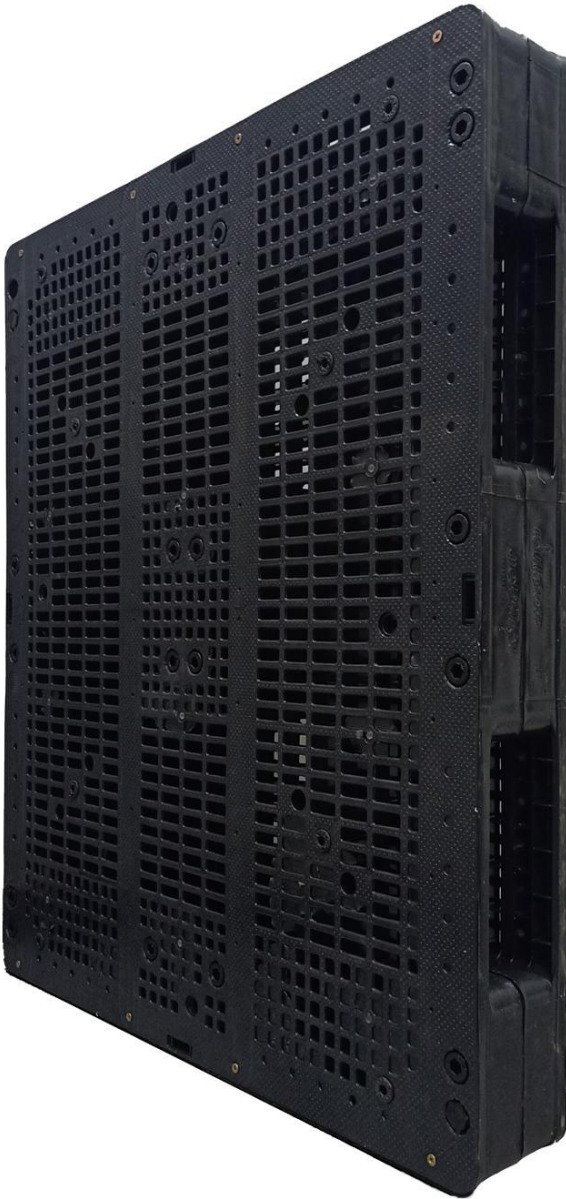

Pallets

Technical Parameters	
Product Name	Perforated Pallet with 7 Steel Pipes
Order Code	LK1210D5
Dimensions	1,200 x 1,000 x 150mm
Weight	12kg (Plastic) 4.5kg (Metal Tubes)
Material	HDPE Galvanized Steel
Temperature	From - 25°C to 50°C
Color	Black
Load Capacity	Dynamic 1,500kg Static 6,000kg Racking 1,000kg
Lead Time	
Manufacturing Capacity	440 pcs per day
Delivery Time	EX. Factory within 15 days after PO is Confirmed
Packing Information	
Packing	N/A
Quantity in 20'GP	300pcs
Quantity in 40'GP	600pcs
Quantity in 40'HC	748pcs

Pallets

Technical Parameters	
Product Name	Reversible Perforated Pallet with 8 Steel Pipes
Order Code	LK1210D45
Dimensions	1,200 x 1,000 x 150mm
Weight	20.2kg (Plastic) 4.8kg (Metal Tubes)
Material	HDPE Galvanized Steel
Temperature	From - 25°C to 50°C
Color	Black
Load Capacity	Dynamic 1,500kg Static 6,000kg Racking 1,200kg
Lead Time	
Manufacturing Capacity	220 pcs per day
Delivery Time	EX. Factory within 15 days after PO is Confirmed
Packing Information	
Packing	N/A
Quantity in 20’GP	150pcs
Quantity in 40’GP	300pcs
Quantity in 40’HC	374pcs

Crates

HDPE Crate 100% Pure	
Length	495mm
Width	330mm
Height	268mm
Weight	24.85gm

Our Company specializes in a wide array of product lines for both Injection & Blow molding ranging from food grade products all the way to pharmaceuticals & in-between fully adapted to the latest in state of the art Plastic production technology guaranteed to achieve both Quality as well as Quantity.

Our Customers

We would like to take this opportunity to reflect upon our deepest appreciation for our customers for not only are they our partners but also because what we have achieved & amassed throughout all those years is all thanks to them. It's been a challenging journey but it's been a pleasure helping each other achieve new heights together as always.
